**H**SS Engineers Bhd and Indah Water Konsortium Sdn Bhd (IWK) are exploring potential opportunities for management and technical services in the United Arab Emirates (UAE).

HSS Engineers said its subsidiary, HSS Engineering Sdn Bhd (HSSE), had signed a memorandum of understanding (MoU) with IWK on the prospect. IWK is Malaysia's national sewerage service provider with 27 years of experience managing end-to-end processes involving various types of sewerage systems in urban and rural areas.

(From left) Indah Water Konsortium Sdn Bhd (IWK) Corporate Planning Department head Azuan Ahmad Zahdi, IWK chief executive officer (CEO) Narendran Maniam, HSS Engineers Sdn Bhd CEO Sharifah Azlina Raja Kamal Pasmah and HSS Mekanikal & Elektrikal Sdn Bhd Director Datuk Khairuddin Sidek at the signing of the memorandum of understanding between the two companies yesterday in Kuala Lumpur.

HSS Engineers said the partnership would allow it to leverage its experience exceeding 35 years to bring technology, innovative solutions and expertise that will be a value-add on to IWK for excellent project execution. "HSS Engineers' track record includes design and site supervision for refurbishment and upgrading works of the Pantar sewerage treatment plant, engineering design and preliminary study for a centralised sewerage treat-

ment plant for Bandar Melaka East, drainage and stormwater management blueprints for Iskandar Malaysia and a master plan study for Madinat Al-Arab in the UAE." HSS Engineers chief executive officer Sharifah Azlina Raja Kamal Pasmah said the MoU was a collaboration between an industry leader with solid technical expertise and an engineering and project management consultancy with a proven track record for

efficient service delivery. "We are pleased to bring the top-notch calibre of IWK internationally to the high-growth market of the UAE, leveraging our past experience as an engineering consultant for Nad Al Sheba Racecourse, Techno Park Development and master plan study for Madinat Al-Arab, on top of being a BIM consultant for Abu Dhabi International Airport, the floating Louvre Museum and Reem Mall," she said.
