HSS Engineers unit accepts RM16.3mil job

KUALA LUMPUR: HSS Engineers Bhd's (HEB) unit HSS Integrated Sdn Bhd (HSSI) has accepted a RM16.27mil contract from Sambungan Lebuhraya Timur Sdn Bhd to provide engineering consultancy services for an upcoming infrastructure facility in the Klang Valley.

In a filing with Bursa Malaysia, the engineering services group said HSSI's scope of services under the contract would include preparing and finalising the preliminary and detailed engineering design for the project and to provide the relevant technical advisory services.

The contract had commenced on Jan 24, and would run for six years and seven months. It is expected to contribute positively to the revenue, earnings and net assets of HEB group for financial years ending Dec 31 to Dec 31, 2028, the company added.
